WORK EXPERIENCE

WEB DEVELOPER

Novarion 2022-Present

- Develop and deploy four full-stack projects leveraging Angular and Django on AWS:
 - **Task Management App:** Centralized platform for task allocation with employee notifications, improving team efficiency and accountability.
 - **Recycling Formworks Platform:** Listing system where users post second-hand formworks for sale, enabling direct communication between buyers and sellers.
 - **Tool Management System:** RFID badge-based tool tracking system for seamless inventory control and improved workplace efficiency.
 - **Website for The Lake Home:** A feature-rich site showcasing available apartments, blogs, and projects. Enhanced UI/UX with Hotjar insights, achieving over 2,000 monthly visitors.
- WordPress Expertise: Design and manage various WordPress-based presentation websites, ensuring responsiveness and modern design standards.
- Collaborate with cross-functional teams to refine workflows and deliver high-quality, scalable solutions.
- Optimize website performance, ensuring security and scalability through efficient database handling.

TEAM LEADER

AUTONOM 2021-2022

- Orchestrate the operations of a 120-vehicle fleet distributed across four metropolitan areas, skillfully coordinating car rental proposals, insurance sales, and vehicle replacement services for lease partners.
- Lead and inspire a dedicated team, fostering a collaborative environment to ensure peak operational efficiency and effectiveness in all endeavors.
- Cultivate and nurture enduring partnerships with lease collaborators, prioritizing their requirements and delivering outstanding customer service to fortify trust and satisfaction.

AM SUPPORT - TECHNICIAN

ENDAVA 2019-2020

- Monitor and supervise job runs for global payment systems, ensuring smooth operations and timely delivery.
